

Are you ready to scratch that itch for a purr-fect career move?

VetDERM Clinic is looking to welcome aboard a talented board-eligible or board-certified veterinary dermatologist. Nestled in the stunning landscapes of Vancouver, British Columbia, we invite you to join us in the ultimate Canadian West Coast adventure!

VetDERM is a premier, privately owned dermatology clinic in the Metro Vancouver area, renowned for our values-driven leadership, premium client care, supportive veterinary referral base, and dedication to compassionate patient care practices. As part of our expansion journey is the upcoming cutting-edge, 3200 sq. ft. dermatology clinic, which will further enhance our pawprint in the community!

Come indulge in Canada's captivating charm, embrace the Vancouver city vibes, and dive into our great outdoor backyard with a bounty of mountains, beaches, lakes, and endless outdoor adventures—because life's too short to wait until later!

Why Choose VetDERM?

We offer an exceptional working environment, including:

Positive & supportive team culture

- Flexible organizational structure promoting life-work balance.
- Policies and work space built for efficient, stress-free workflow.
- Stable, well-compensated, and well-trained support team.

Fostering of personal growth & development

- Ample opportunity to explore and live out your professional & personal passions.
- Continued education and advancement, including:
 - Fear Free training and application (training provided).
 - Client Communication focus (training provided).

Cutting-Edge Facilities and Services

Comprehensive dermatological tools, technology, innovation, and services, including:

- Aesculight CO2 laser
- Storz TelePak+ Video-Otoscopy
- Cryotherapy
- Phobia Photobiomodulation therapy
- VetCAT IQ CT (coming soon)
- Intradermal allergy testing
- Rush immunotherapy
- Cloud-based practice management software
- Anesthesiologist support (training available, if desired)
- Telemedicine

Educational Environment

- DVM final year student clinical instruction and training.
- Dermatology internship program.
- ACVD-approved residency program.

Premium quality vet dermatology care

- Exceptional, supportive client base.
- Appropriate fee structure for individualized care and services.
- Dedicated, loyal referring veterinarians.

Individualized patient care and client support

- High-quality, personalized care tailored to each pet and their family.
- Tender, loving care for all fur babies; even those with a little less fluff to love!
- Patient-centered, non-corporate decision-making — You dream it, we scheme it!

Generous Compensation and Benefits

- Highly competitive compensation package — we don't just meet the standard; we believe in recognizing and generously rewarding value and excellence.
- Annual 'time to play'!
- Potential for partnership for the like-minded, collaborative individual.

Get in Touch
